

Session conclusion

* Fund!

RBO as practitioners should have the capacity on policy suggestion. For this, NARBO members will collaborate more.

* Scientific and technical knowledge!

Through close collaboration with resource body accumulating appropriate knowledge for Asia, the scientific and technical knowledge will be enhanced effectively and efficiently.

* Practice!

RBO as practitioner is sought to make efforts to improve their capacity on facility management.

WAY FORWARD:

* For more concrete collaboration among members, the set up of discussion group is encouraged.
