

About Thematic Workshop

NARBO Associate, ADBI

Michitaro Nakai

mnakai@adbi.org

What is thematic workshop ?

- Focused and specific theme
- Small scale & profound discussion
- Improvement from the pragmatic and practical viewpoint
- Simple style
- Series of workshops

The reason to choose the theme

- Many member organization have highly interest in policy, institution and legal issues on water resources management.
- Especially, water allocation has been recognized as one of the most important issues in member countries
- Therefore, we took up the issues on water allocation and water right as a theme of 1st thematic workshop.

The reason to choose the theme

- In some Asian countries, recently, industrial development and population increase have been significant.
- Therefore, water demand for municipal use has been increased
- On the contrary, irrigation water use is still large.
- As a result, water allocation became one of the big issues from the viewpoint of the national strategy.

Thematic Workshop
on
Water Allocation & Water Right

Venue : Hanoi, Vietnam

1st Recipient Organization :

Red River Basin Organization (RRBO)

Date : December (tentative)

Period : 4days (2days discussion
2days site visit)

Objectives

- to share information of current status of participating countries
- to make clear the problems in participating countries
- to approach toward improvement in cooperation with participants

Planned Program

4 times workshop will be held (Planned to be twice a year)

1st: To make clear and arrange the issues in participants countries

2nd: To analyze the cause of the issues and suggest plans for improvement

3rd: Review the 1st and 2nd workshop and suggest plans for improvement

4th: To draft the report

Request from NARBO secretariat

- It is quite desirable that these members will be stable because we make a point of continuity.

Request from NARBO secretariat

- There is no common and only way to improve the issues on water allocation and water right. It is important to consider and discuss the issues by yourself.
- We request the participants to discuss about their issues based on the outcome of the workshops between each workshop.
- In the 2nd thematic workshop, we will request participants to introduce the discussion in their countries.

Contents of 1st Workshop

- Session1: Water allocation issue
- Session2: Water right system
- Session3: Drought management
- Field Trip
