

Session 1 Report on the situation of dissemination and discussion in participants' countries

Date Day 1 – January 23, 2007 11:00-12:00

Introduction

It is beneficial to share the information obtained from this workshop among your organization and other water-related agencies, therefore widespread dissemination of the information is expected. Also, the ideas on the submitted discussion materials should not be those of participants but be those of your organizations. Therefore, it is necessary to make internal discussions prior to the preparation for the discussion materials. The concept of this session is same as that of session 1 in the 3rd workshop.

Objectives

- Confirmation of the situation about
 - (1) The dissemination of the information on the session outcome
 - (2) The internal discussion

Requirement for Participants

- Presentation about the situation about
 - (1) The dissemination of the information on the session outcome
 - (2) The internal discussion (such as other staffs' comment in the discussions)

- Presentation in line with the revised discussion material

Contents of discussion material (Please see the attached form of questionnaire)

Discussion materials are basically same as those of the 3rd workshop.

Contents of the presentation sheet

Basically, participants are required preparing the Power Point material along with your discussion materials. Later, I may give further instruction.

Presentation time

Presentation time will be about 30 minutes per one country. After the presentation, we will hold Q&A and discussion for 30 minutes.

Session 3 Session for revision of drafted action program

Date: Day 4 – January 26, 2007

14:45-15:45

Introduction

Discussion materials summarize the view of participants' countries. However, the contents of materials should be thought twice on the basis of the Q&A and discussion in the session 2. For that purpose, internal discussion time is offered in this workshop.

Objectives

To review the session 2 with participants of their own countries each other, and to consider how to revise the original discussion materials through internal discussion

Requirements for participants

Nothing. Participants only have to make internal discussion in this session.

Remarks

Discussion time might be extended as appropriate.
